OLIVEWOOD

DUAL SIDED BOARD

Endeck is Dual Sided/Reversible with textured wood grain on both sides.

LESS HEAT BUILDUP

Endeck absorbs and retains Less Heat for a Cooler Walking surface.

FIRE RESISTANT

Endeck achieves a Class A Flame Spread rating, making it the perfect choice for decks in wildfire-prone areas.

SUBMERSIBLE

Endeck is fully submersible and contains no wood fiber to absorb moisture.

LIGHTWEIGHT

Endeck is lighter weight than comparable composite deck boards.

GROUND CONTACT SAFE

Endeck is safe for ground contact applications.

BOARD OPTIONS

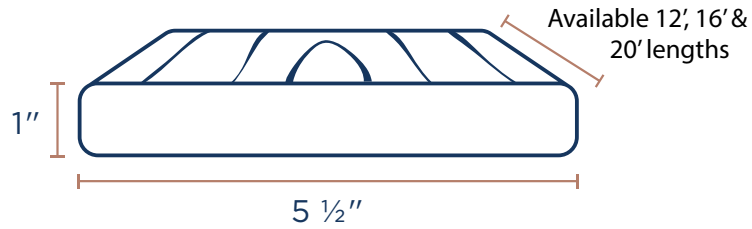

DECKING AND FASCIA BOARD DIMENSIONS

Endeck Deck Boards are double sided/reversible boards offered in a full, square shoulder profile.

Endeck is Rated for 18" On Center Joist Spacing.

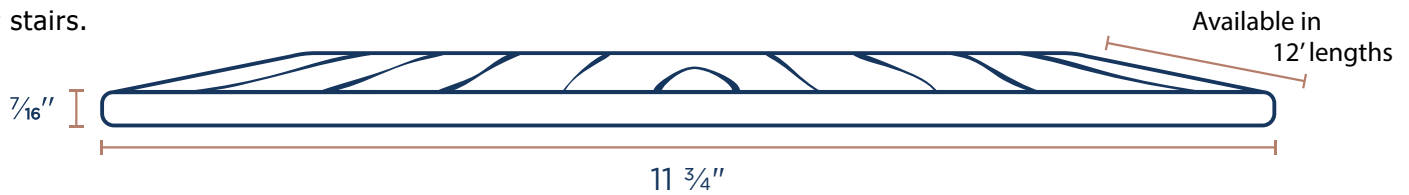

Recommended standard 16" O. C. Joist Spacing.

DECK BOARD

Endeck Fascia boards are double sided/reversible boards for covering band boards of your deck and dock or perfect for ripping into riser boards for stairs.

FASCIA BOARD

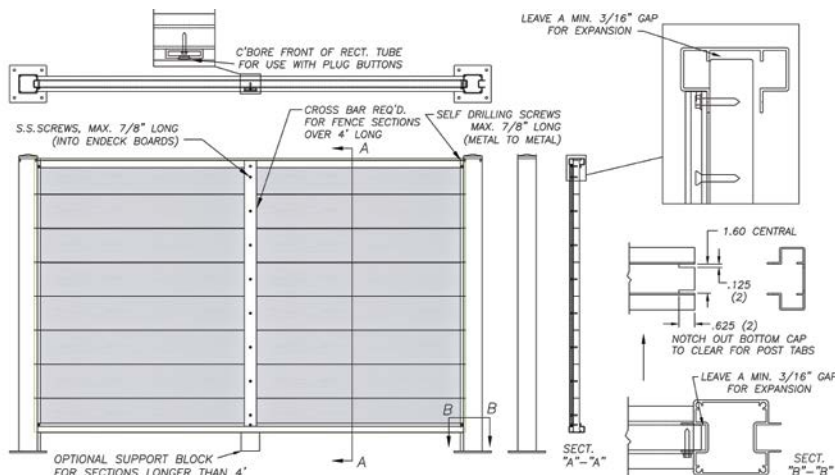

Privacy Screens/Enclosures

EXPERIENCE THE ENDECK DIFFERENCE

Beautiful, durable, and low maintenance Privacy Screens and Enclosures can be created utilizing our **Universal Enclosure System** with Endeck as the Infill.

This combination creates a rust free, low maintenance system to last a lifetime.

Privacy Screens and Outdoor Showers are perfect projects with Endeck's Dual Sided Wood Grain Finish and light weight.

Our **Universal Enclosure System** components are offered in mill finish aluminum ready for painting or powder coating.

Cladding Applications

YOUR CREATIVITY IS THE ONLY LIMITATION

Endeck is an excellent choice for exterior facades whether on commercial or residential projects. We offer exceptional performance in open joint wall cladding designs for storefront renovations of all types. The Sign Industry has adopted Endeck as an incredibly versatile building product with exceptional aesthetics, workability, and durability. Endeck works easy like wood, but requires no staining or painting. Endeck is light weight compared to composite and treated wood for an easier installation and ultra-low maintenance in elevated areas.

RECOMMENDED FASTENER OPTIONS INCLUDE:

- Starborn Industries:
 - Pro Plug Hidden Fastener System
 - Cap Tor XD Color Matched Screws for Wood or Metal applications
- Camo Marksman Pro Hidden Fastener System
- Hid Fast Hidden Fastener System
- Compatible with many other decking screws

Endeck Woodland™ Series

LIFETIME WARRANTY • 30 YEAR FADE AND STAIN WARRANTY

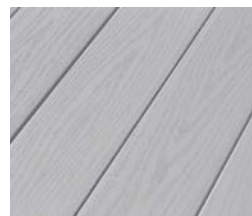

UNIVERSAL STYLE AND APPEAL

SOFT EARTHY COLORS TO COMPLEMENT HOME AND LANDSCAPE

Endeck Woodland Series is our timeless classic decking meeting the most stringent code approval and fire safety.

Woodland™ Series is available in soft earthy colors to complement home and landscape and is a favorite amongst coastal communities as the light colors beautifully complement beach-side estates. These light colors stay cool to the touch in direct sun, ensuring a barefoot friendly deck even in the harshest environments.

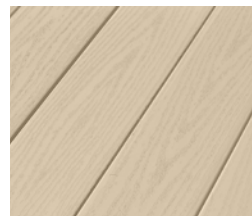

Endeck captures the classic look and feel of real wood without the time and expense of yearly maintenance. Endeck's Woodland Series with Hardcover Capstock ensures years of low maintenance, luxury living with the security of a Class A Flame Spread Rating (ASTM E84 Tested).

BOLD HARDWOOD AESTHETICS

HIGH PERFORMANCE, UNMATCHED DURABILITY AND ULTRA-LOW MAINTENANCE

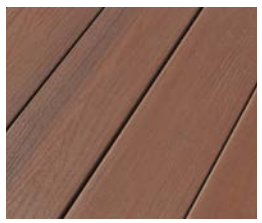

Endeck Forest Series employs our exclusive HardCover™ Capstock, a higher performance outer surface delivering unmatched durability and ultra-low maintenance.

Just like real wood, our decking has a natural grain and texture that varies from board to board for a truly authentic finished deck. Forest™ Series is definitely a strong visual statement with a deeply embossed wood grain and rich, dark colors with subtle variegation only found on the most expensive, exotic hardwoods.

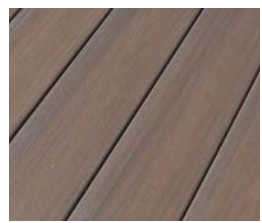

Additionally, these deep beautiful colors also offer an impressive 30 Year Fade and Stain warranty with QUV testing showing a consistent fading of less than 5 Delta E.
